Easy as chewing gum, isn't it? You can tell a MacCarthy-Evans customer as far as you can see him.

He's a well-dressed man—and he knows it. His clothes fit as if they had grown on him. It may be only a \$25 suit he is wearing, or it may be a \$50 suit—the swing and dash and style and good taste will be there still. It is as inseparable from the "MacCarthy-Evans" as is the fragrance from the rose.

CITY ITEMS.

THE cafe at the Crawford Store is the lightest, brightest, roomiest and airiest in the city. There is no one else cooking in it, as the food is cooked in the kitchen. The food is prepared by the chef, who is a native of the best hotels and restaurants in America. The service is as good as in the best hotels in the city and its prices, notwithstanding, are as low as the scrappiest stuff sold elsewhere in St. Louis. The writer of this is old enough to know what he is talking about.

FAIR AND COOLER WEATHER.

Doctor Hyatt's Thunderstorm Reduced the Temperature.

Doctor Hyatt's long expected thunderstorm came last evening after a day of a few minutes Jupiter Pluvius had full sway. The sun came out, the street dried, and the atmosphere was greatly cooled.

The weather expert predicts cool weather for a day or so, with the sun shining most of the time. A shower this morning is not out of the calculation, but the prediction is for fair weather.

FIFTY CHILDREN MAY BE RELEASED

Judge Ryan Holds That Many House of Refuge Inmates Are Illegally Imprisoned.

ORDERS DISCHARGE OF ONE.

Boy Tells His Attorney That Many of His Fellow Inmates Frequently Prayed for His Freedom.

Judge Ryan of Division No. 9 of the Criminal Court rendered a decision yesterday which may result in the discharge from the House of Refuge of fifty or sixty children who are now held there.

It has been the theory that children committed from the State courts should remain until they had attained their majority, but Judge Ryan's decision is to the effect that they cannot be held longer than necessary to serve their fines at the legal rate of \$1 a day for adults.

The decision was rendered in the case of William Andrewczyk, 16 years old, whose guardian applied for a writ of habeas corpus last week through Attorney Joseph Furling. The case was argued Monday.

Furling, rendered in 1888, in a similar case. Attorney Furling said the Superintendent of the House of Refuge has no right to hold boys or girls under age after they have served their sentence at the legal rate, and, furthermore, the courts have no right to commit them for longer periods than their fines call for.

Andrewczyk was fined \$25 in the Court of Criminal Correction last week. Judge Ryan committed until they were of age. Judge Ryan yesterday sustained Furling's contention and ordered the case no mention was made of the system in vogue, or the other cases which would be affected by the decision.

Superintendent Nolte to-day will consult Judge Ryan upon the advisability of discharging all of the prisoners who have served their terms. Mr. Nolte said he would have done so immediately, but he had no official knowledge of the decision. Between fifty and sixty prisoners are affected by the decision.

Other prisoners at the Refuge were jubilant over Andrewczyk's release. Andrewczyk told Attorney Furling that several of the children prayed for him every night in the hope that he would be successful in his efforts to procure their release.

BISHOP'S GRAVE IS OPENED BY ECCLESIASTICAL COURT.

One of the Final Acts Preliminary to the Beatification of the Deceased Prelate.

Philadelphia, April 22.—The tomb in which the body of Bishop John H. Neumann was placed forty years ago was opened to-day by a special ecclesiastical court, the proceedings being one of the final acts preliminary to the beatification of the prelate. The disinterment was made in secret and was for the purpose of identifying the body of Bishop Neumann and to ascertain its state of preservation.

Two witnesses swore that they witnessed the burial of the Bishop and two physicians wrote a minute description of the remains. They were then placed in the coffin and restored to the vault, which was sealed by Archbishop Ryan.

The evidence collected by the ecclesiastical court during its inquiry, which has been in progress for several years, will be forwarded to Rome. Bishop Neumann was born in Bohemia in 1811 and came to America at the age of 23 years. He died suddenly in 1880.

TO REGULATE GRAZING LANDS.

Congressman From "Jumbo" Texas District Discusses Measure.

WASHINGTON, April 22.—In speaking of his bill to regulate grazing in Texas, Representative Stephens to-day said:

"As the Representative of the 'Jumbo,' or Thirtieth, District of the 'Lone Star State,' I am deeply interested in the grazing lands of Texas. My district is composed of the most valuable grazing lands in the State, and it is my duty to see that they are properly regulated and protected."

"I am pressing for passage of my bill, which provides for the leasing of the grazing lands of the United States to stockmen for grazing purposes. Texas needs the money which will be derived from the sale of the stockmen's grazing rights. It is my duty to see that the stockmen are properly regulated and protected."
